EDUCATION

Solapur University

Bachelor of Computer Application, Minor in Computers

Solapur, MH

Aug. 2018 – May 2021

EXPERIENCE

FullStack Developer

Osumare Marketing Solutions

May 2025 – Present

Kharadi, Pune

- Contributed to the end-to-end development of a real estate management platform, building dynamic modules using ReactJS, NodeJS, and MongoDB.
- Collaborated with UI/UX designers to convert Figma designs into responsive, reusable frontend components using Tailwind CSS and React Hooks.
- Implemented role-based dashboards (Admin, Accountant, Legal Team) improving data accessibility and workflow efficiency.
- Developed and integrated RESTful APIs for property listing, lead management, and user authentication with JWT-based security.

Software Engineer

Tata Consultancy Services (TCS)

Feb 2022 – Nov 2023

Pune, MH

- Worked as a Frontend Developer on internal enterprise applications using ReactJS, JavaScript, Tailwind CSS, and Vanilla CSS.
- Developed responsive, reusable UI components and optimized interface workflows across multiple modules.
- Integrated REST APIs with frontend components and handled state updates, form validations, conditional rendering, and dynamic tables.
- Collaborated with backend teams to refine API contracts, debug issues, and improve cross-module data flow.
- Contributed to small backend tasks using Node.js and ExpressJS, including writing helper functions and validating API responses.
- Enhanced internal ServiceNow applications by redesigning UI structures and improving user experience.
- Supported automation initiatives by preparing high-quality annotated data, improving workflow efficiency and model accuracy.

PROJECTS

Stock Market App (Clone) | MongoDB, ExpressJS, ReactJS, NodeJS

- Built a full-stack stock tracking platform with real-time UI interactions.
- Implemented React Hooks, optimized state management, and developed responsive UI layouts.
- Created secure backend routes using Express.js and integrated them with MongoDB for user authentication and data storage.
- Developed dynamic dashboards and modular components for better user experience.
